Hi Laura,

I'm actually a native of this city, and I really like being here. I've lived in Tehuacán all my life and I truly enjoy it.

Tehuacán is unique. **Personally, I think** it's very interesting because of its history. The problem is, I'm so busy with my projects at UTTehuacan. **I mean**, I have classes every day.

Anyway, this weekend I plan to do some sightseeing. There are great places to eat traditional *mole*. **To be honest**, the food is the best part.

Speaking of university, if you like technology, you'll love it here. **It seems to me that** the students are very welcoming.

By the way, I met some cool guys recently who also play *Valorant*. **In fact**, we share many hobbies.

Ok, I need to go and finish coding. Take care,

Javier
